

Dear Hiring Manager,

I am excited to apply for the Bank Teller position at Central Community Bank. Having a good customer contact experience and upselling background, I am confident that I can meet the bank's sales targets.

In my last role working for a telecom company, I always exceeded upselling quotas by offering personalized product packages that met customer needs. I hope to leverage this consultative approach to build client relationships for Central Community Bank.

Thank you for considering my application.

Sincerely,

Eric Matthews
