

Dear Hiring Manager,

I'm thrilled to apply for the Fashion Designer position at Aurora Apparel Co. With five years of designing womenswear and a passion to blend modern style with practical sophistication, I look forward to sharing my abilities with your innovative collections.

In my current position at Luna Boutique, I was able to successfully introduce two seasonal collections and increase sales by 18%. I have experience in conceptual designing, pattern construction, and ecological fabric sourcing.

My skillset in trend prediction and bringing such trends into practical pieces is compatible with Aurora's vision.

Joining Aurora Apparel would be a great way to merge my creative experience with my passion for ethical fashion. I believe that my technical skills, combined with a strong sense of customer requirements, would make me a great asset to your design team.

Thank you for your consideration and time. I look forward to speaking about how I can help your brand grow.

Best regards,
Emily Carter
