

Dear Mr. Rivera,

I'm a third-year BFA student at UCLA and would like to apply for your summer internship. Your company's commitment to contemporary storytelling and community impact aligns with the kind of work I'm passionate about.

In school productions, I've played leads in *The Wolves* and *Othello*, and recently served as assistant director on a devised piece.

Thank you for your time—I'd be thrilled to learn from your team.

Sincerely,  
Alma Reyes
