

Dear Mrs. Jackson,

While I'm newer to formal nannying, I've spent years caring for younger cousins and babysitting for neighbors—and I truly enjoy working with children. I'm applying for your part-time after-school nanny position and would be thrilled to support your family.

I'm a recent psychology graduate with coursework in child development, and I have experience in planning creative activities and maintaining routines. I'm dependable, gentle, and take initiative where needed.

Thank you for considering my application—I'd be happy to meet for an interview at your convenience.

Sincerely,
Jamie Rowe
