

Dear Hiring Committee,

I am applying for the Staff Pharmacist opening at Heartland Pharmacy. I recently completed my PharmD at the University of Minnesota and am excited to begin my pharmacy career with a team that values education, mentorship, and patient safety.

During my final rotation at Fairview, I worked closely with anticoagulation and internal medicine teams. I gained confidence in dosing adjustments, patient consults, and order verification using Epic.

Thank you for your time—I'd be honored to contribute to your patient care mission.

Best,

Kayla Chen
