

Dear Ms. Reyes,

I'm excited to apply for the Pharmacist opening at CentralRx. I've recently graduated and passed the NAPLEX, and I'm ready to bring energy, curiosity, and precision to a full-time pharmacy role.

My APPE rotations gave me exposure to long-term care, retail workflow, and sterile compounding. I've also volunteered with Meds for Hope, where I educated underserved populations on medication safety.

Thank you for considering a candidate who's new—but deeply motivated.

Warmly,  
Eli Tran
