

Dear Mr. Klein,

I'm currently a third-year architecture student at RISD and would like to be considered for your spring internship. Your firm's blend of digital craftsmanship and regional vernacular resonates with my own academic interests.

In studio, I've designed mixed-use housing proposals and constructed site-specific models by hand and digitally. I'm confident I can bring curiosity, technical skills, and design sensitivity to your team.

Thank you for your time and consideration.

Warmly,  
Sophie Zhang
