

**I am submitting my application for the Civil Engineer role at Westbound Engineering. I possess five years' worth of field and office experience in municipal roadway design, drainage, and permitting, and my experience grants me a good understanding of regulatory codes and project delivery.**

**At my current company, I've overseen the construction of 20+ commercial lots cross-functionally with contractors and clients to meet budget and code requirements. I am a state-of-Texas licensed PE and known for being extremely detail-oriented in documentation and a consistent leader.**

**Thank you for your time and consideration.**

**Best regards,**

**Luis Martinez**
