

Dear Ms. Price,

I'm writing to express interest in the Junior Financial Analyst role at SynthIQ. I recently completed an internship with a SaaS firm's finance department, where I analyzed MRR/ARR trends and presented monthly variance reports to cross-functional teams.

With a Bachelor's in Finance and a certification in Power BI, I bring solid analytical grounding and comfort with storytelling through numbers. SynthIQ's mission to make data usable for growing startups aligns closely with how I want to grow.

Thanks for considering my application.

**Sincerely,
Rosemary Santos**
