

**Dear Ms. Baldwin,**

**I'm thrilled to apply for the FP&A Analyst role at Interactive Insight. With five years of experience in high-growth environments, I bring a deep understanding of forecasting, scenario modeling, and strategic planning.**

**At VantageGroup, I managed a re-forecasting project during COVID that provided leadership the agility to pivot investments and preserve liquidity. I'm known for clarity under pressure and my ability to make numbers tell a story.**

**Let's connect—I'd love to bring that same impact to Interactive Insight.**

**Sincerely,  
Rupert Townsend**
