

Dear Mr. Davis,

As a certified flight attendant with five years of international experience, I'm thrilled at the opportunity to join the cabin crew at American Airlines. I've long admired your commitment to safety and hospitality—values that align perfectly with my professional ethos.

At JetBlue, I consistently received 95%+ positive passenger feedback scores. I also completed recurrent training in CPR, emergency evacuation procedures, and multilingual safety announcements in Spanish and French. In one emergency landing, I coordinated with ground response while calmly assisting passengers, an experience that earned me crew commendation.

I'd love to bring my experience, adaptability, and upbeat energy to American's next generation of in-flight service. Thank you for considering my application.

Sincerely,
Leila Razavi
